SharePoint 2010 uses built in Authentication with Active Directory. If you are joined to the campus domain (ad.umd.edu), you can experience a secure single sign-on experience.

Please use the following for Firefox 8 for best experience.

1. Open Firefox
2. Type the following in the Address Bar: about:config
3. If prompted for a warning, click I'll be careful I promise.

4. Type network.automatic in the Filter field to find network.automatic-ntlm-auth.trusted-uris under the Preference Name column.

5. Right-click network.automatic-ntlm-auth.trusted-uris and choose Modify.
6. **Enter String Value** dialog box will prompt.
7. Type the web address of your SharePoint site (i.e. [https://terpsharepilot.umd.edu](https://terpsharepilot.umd.edu)) in the textbox. Click the **OK** button.

8. Verify that the SharePoint URL in the **Value** column

9. Close all sessions of **FireFox**.
10. Open **FireFox**.
11. Browse to your SharePoint site, it will use your current Windows credentials.
